

ABU BAKAR FAROOQ

Summary:

I am an aspiring **Data Analyst** and **Data Scientist** with a solid foundation in data analysis, statistical thinking, and problem solving. I am currently enhancing my skills through a Data Analytics program. I am enthusiastic about transforming raw data into meaningful insights and building data-driven solutions to support business decisions. Alongside my technical growth, I hold **CCST certification**, which strengthens my analytical mindset and understanding of complex systems. With firsthand project experience and a commitment to continuous learning also known about **CCNA**, I am eager to contribute to data-focused roles and grow as a data professional.
